James Michael L. Duque

WEB DEVELOPER & IT SPECIALIST

Objective

BS Information Technology student specializing in Web Development seeking an OJT/internship at Shore360 Inc. Eager to apply practical skills in HTML, CSS, and JavaScript, while further developing proficiency in modern frameworks like React within a professional environment.

Projects

Project Lead & Full Stack Developer

Charlie's Barbershop *Nov 2024 – Present*

Leading the digital expansion for a local barbershop, I designed and deployed a responsive website using HTML5 and TailwindCSS. I collaborated directly with the client to deliver a modern UI with optimized SEO and Performance that significantly improved their local search visibility.

Lead Developer

Hoyoverse Fan Platform *Nov 2024 – Nov 2024*

Developed an interactive informational website to showcase the Hoyoverse gaming portfolio as part of a key academic requirement. I utilized Angular, TailwindCSS, and JavaScript to design an engaging user interface that effectively introduces the company's titles to new players.
